

Bulk Apex Triggers

```
trigger ClosedOpportunityTrigger on Opportunity (before insert) {  
    List<Task> tasklist = new List<Task>();  
    for(Opportunity opp: Trigger.New){  
        if(opp.StageName == 'Closed Won'){  
            tasklist.add(new Task(Subject = 'Follow Up Test Task', WhatId = opp.Id));  
        }  
    }  
    if(tasklist.size()>0){  
        insert tasklist;  
    }  
}
```
